DETAILED ACTION

1. This office action is in response to applicant's arguments filed on March 6, 2008.

2. Claims 1-34 and 42-60 are pending. Claims 35-41 have been cancelled.

3. Claims 1-11,33,42-57 and 60 stand rejected under 35 U.S.C. 112, second

paragraph, as being indefinite for failing to particularly point out and distinctly claim the

subject matter which applicant regards as the invention for the reasons set forth in the

previous office action.

4. Claims 1-11 stand rejected under 35 U.S.C. 112, second paragraph, as being

indefinite for failing to particularly point out and distinctly claim the subject matter which

applicant regards as the invention for the reasons set forth in the previous office action.

5. Claims 12-23 and 58 stand rejected under 35 U.S.C. 112, second paragraph, as

being indefinite for failing to particularly point out and distinctly claim the subject matter

which applicant regards as the invention for the reasons set forth in the previous office

action.

Art Unit: 1796

6. Claim 15 stands rejected under 35 U.S.C. 112, second paragraph, as being

indefinite for failing to particularly point out and distinctly claim the subject matter which

applicant regards as the invention for the reasons set forth in the previous office action.

7. Claims 16,17,27 and 52 stand rejected under 35 U.S.C. 112, second paragraph,

as being indefinite for failing to particularly point out and distinctly claim the subject

matter which applicant regards as the invention for the reasons set forth in the previous

office action.

8. The rejection of claims 24-34,59 and 60 under 35 U.S.C. 112, second paragraph,

as being indefinite for failing to particularly point out and distinctly claim the subject

matter which applicant regards as the invention is withdrawn.

9. Claims 24-34, 59 and 60 stand rejected under 35 U.S.C. 112, first paragraph, as

failing to comply with the written description requirement for the reasons set forth in the

previous office action.

Response to Arguments

10. Applicant's arguments filed regarding the 35 USC 112 second paragraph

rejections have been fully considered but they are not persuasive. The applicant's

declaration under 37 CFR 1.132 is insufficient to overcome the rejections. The examiner

maintains that the court has held that compositions are indefinite for being defined in

maintained.

terms of properties alone. Ex parte Spacht, 165 USPQ 409 (PO Bd Pat App 1969); *Ex parte* Slob 157 *USPQ* 172 (PO ~dFatApp1'9 67); *Ex parte Pulvari*, 157 USPQ (PO Bd Pat. App 1966). The examiner has no chemical compounds to assess the applicant's definition of "conductive polymer", "static charge dissipating coating, a static dissipating shield", "static dissipating material compositions", "conductive material" and "static dissipating composition". The examiner argues that all compounds have some degree, however small, of the instantly claimed properties. For these reasons the rejections are

11. Applicant's arguments filed regarding the 35 USC 112 first paragraph rejection have been fully considered but they are not persuasive. Claim 24 recites the limitation "predetermined quantity" which lacks literal basis in the specification. The added limitation in the claim lacks literal basis in the specification as originally filed, see *Ex parte Grasselli*, 231 USPQ 393 (Bd. App. 1983) *aff'd mem.* 738 F.2d 453 (Fed. Cir. 1984). The remaining claims are dependent upon claim 24 and are also rejected for inheriting the same deficiency. The examine argues that nothing in paragraph 0066 of the instant specification suggests the term "predetermined quantity". For these reasons the rejections are maintained.

Conclusion

12. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
